A Quarterly Newsletter

We are Thankful for so much this year...

December 2011

"My spirit was craving alone time with the Lord so that I could be refreshed and He could speak to me. The surroundings and privacy opened the door for us to walk in and have precious time together. It is a perfect place to retreat from life's demands and get your head clear. This is a place to rest in the Lord and be able to hear from Him clearly." Name withheld for privacy reasons

With your financial gifts and volunteer services, we were able to do much needed improvements on the Guesthouse and the grounds.

A few of our hard working volunteers

"It has been a wonderful blessing to have a place to come to where we can pause for a few days before plunging back into life in the US. A place of quiet; away from responsibility; to rest and reflect; to be alone with the Lord and to have family time. This place is beautiful!"
